

LAZ COVID-19 VACCINE + TESTING SUPPORT SERVICES

Assisting your operation in all testing and vaccine clinic needs. Our solutions are fully customizable: choose from a full service, turn-key solution or select the services that best fit your needs.

Location

We can support your location or LAZ has thousands of available properties to use for COVID-19 testing or vaccines.

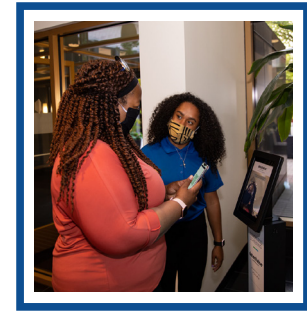

Logistics

From site set-up, flow, tents, tables, and security, we can fully support your needs.

Traffic Control

From entrance to exit and strategy to signage, LAZ can support all aspects of traffic control at your operation.

LAZ PreScreen

LAZ Ambassadors can provide temperature checks, prescreen questions and/or offer a Vizsafe kiosk.

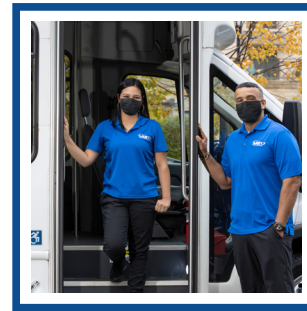

Check-in/out + Scheduling

Check-in for appointments through EMR or similar scheduling system. Or LAZ has other scheduling options.

Staging Area Observation

LAZ Patient Sitters will observe patients for adverse effects and notify qualified healthcare professionals as needed.

Transportation

Shuttles, vans, or car service, LAZ can provide secure rides.

Business Intelligence

Data analytic platform which can evaluate daily/hourly volumes, trends, and predictive analytics.
