

## Government Services

### TRUSTED PARTNERS IN PARKING

LAZ Parking is one of the nation's premier operators specializing in parking services for municipalities and government agencies. We manage hundreds of thousands of parking spaces for government agencies on a daily basis, ranging from some of the world's largest on-street parking systems and transit agencies to quaint oceanfront communities.

Our Government Services division is led by a team of dedicated professionals with over 75 years of combined experience in government parking. This affords us a nuanced understanding of the balance that government agencies must constantly achieve between public accountability and service to the community. We partner with municipalities and government entities throughout the country to manage, lease or privatize their parking needs.

Our comprehensive approach to parking and transportation management provides sustainable solutions that enhance communities, streamline parking operations and improve the financial position for our clients.

Parking is our industry, people are our passion.

### THE LAZ DIFFERENCE

With the most experienced team of government parking professionals, you have the confidence of knowing that your parking asset is managed by a team dedicated to exceptional service and accountability. Our turnkey solutions are designed to reduce operating expenses, increase revenues and enhance the customer experience. LAZ is uniquely qualified to manage all of your parking and transportation needs.

### EXPERTS IN GOVERNMENT PARKING SERVICES

#### Government Expertise

LAZ Parking's Government Services team brings decades of experience operating some of the largest and busiest parking systems in the US.

#### Customer Service

Our employees complete hospitality-focused training and are passionate about customer service. We are committed to hiring the best and training for success.

#### Accountability

LAZ offers industry leading revenue control and financial auditing processes specifically designed for on-street and off-street parking programs.

#### Sustainability

LAZ is passionate about green initiatives. Our programs are designed to achieve both environmental and financial sustainability.

#### Marketing

We develop customized marketing programs that are designed to maximize occupancy, increase revenue and promote public parking.

#### Diversity

LAZ is dedicated to building business partnerships with minority and disadvantaged businesses. With over 75% of our employees in minority categories, we are proud to say that we are a diverse employer.
