PARTNERS IN PARKING

LAZ Parking is one of the largest parking operators in the United States...

...but we're more than just that. Every day, more clients choose LAZ for their parking needs, making us the fastest growing operator in the nation.

Why? Because "The LAZ Way" makes us completely different from other companies.

WE KNOW PARKING

LAZ Parking owns, leases and manages hundreds of thousands of parking spaces in thousands of locations across the United States. With our partner, VINCI Park, we operate more spaces than anyone else in the world.

For more than three decades our financial resources and carefully selected people have given our clients the best of both worlds - the strength of a national parking provider and the personal attention of a small, local company.

WE BELIEVE IN PEOPLE

We hire only the best staff, conducting rigorous screening and background checks. LAZ people are matched with positions that challenge them to be successful, with a focus on creating opportunities for personal and professional growth.

Once part of the family, our people receive support for learning and development. We offer excellent benefits and enrichment programs, keeping our most important assets happy, healthy and motivated to drive amazing results.

WE DELIVER RESULTS

The bottom line is that we look after our people so that they look after our clients and their businesses.

LAZ consistently brings more parkers to locations with our aggressive marketing campaigns. We achieve incredible savings for our clients through advanced automation and we control expenses by closely managing labor and costs.

Contact us now to find out how "different" can make an incredible difference to your parking operation.
