

Special Event Parking Services

LAZ Parking has been a leader in event parking since 1981, delivering the highest level of service, comfort, safety and security for your guests. Today we service thousands of events annually, from sold-out arenas to private parties.

Event Operations

You never get a second chance to make a first impression, so our parking professionals set the tone curbside by welcoming your guests with an open door and warm greeting. We assist guests with their belongings and inform them about vehicle retrieval times and procedures. As they leave, we retrieve guests' vehicles promptly and gladly provide directions. LAZ Parking ensures that guests' last impressions are as exceptional as their first.

Services

Once selected as your parking provider, you will be assigned a dedicated team lead who will oversee your event from start to finish. Our team leads are experts in the hospitality industry and specialize in event parking. We can forecast vehicle volume, perform a complimentary site evaluation, ensure optimal traffic flow and vehicle storage, arrange any off-site parking and supply a certificate of insurance prior to your event.

Our services include the following:

- Uniformed attendants
- Signage, barriers, cones and delineators
- Traffic control and parking directors
- Shuttle services for large events with remote parking
- Event day logistics and centralized communication
- Wireless, hand-held revenue collection and validation equipment

...LAZ Parking has been our venue's exclusive valet service provider for the last decade. The team is conscientious, careful and ultimately the best first impression of our beautiful venue.

- Ryan Power, Manager
MALIBU LA COSTA BEACH CLUB

Safety and Security

The safety and security of your guests and their vehicles is our primary concern. With more than \$50 million of insurance, you can be assured that you will be protected and covered when partnering with LAZ.

Delivering Value

Our loyal customer base is testament to the value we add with our services. We understand that no two events are the same. When creating your customized quote, considerations include seasonality, forecasted vehicle volume, number of valets, location, availability and proximity of parking, insurance cost, gratuity and necessary permits.

Obtaining a Quote

If you are interested in obtaining a quote, please visit www.lazparking.com and contact your local LAZ representative. We look forward to working with you to create a truly memorable event!
